

FATHIMA H

PYTHON FULL STACK DEVELOPER

fathimakwt449@gmail.com | +91 7904596722 | [linkedin.com/in/fathima-h-018902303](https://www.linkedin.com/in/fathima-h-018902303) | Tamil Nadu, India

PROFESSIONAL SUMMARY

Motivated Computer Science Engineering student with hands-on experience in full-stack web development using Python, JavaScript, ReactJS, Node.js, and MongoDB. Proven ability to build practical applications including e-commerce websites, CRUD operations, and AI-powered chatbots. Strong foundation in front-end design with HTML, CSS, and Bootstrap. Quick learner with a passion for clean code, user-friendly interfaces, and real-world software solutions.

TECHNICAL SKILLS

Languages:	Python, C, JavaScript
Front-End:	ReactJS, HTML5, CSS3, JavaScript, Bootstrap
Back-End:	Node.js, Express.js, MongoDB
Tools:	VS Code, GitHub, Netlify, MongoDB Atlas, Dialogflow
Soft Skills:	Time Management, Adaptability, Continuous Learning, Team Collaboration

WORK EXPERIENCE

Web Developer Intern (Remote) CORIZO, Bangalore, India	July 2025 – August 2025
- Developed a CRUD Application using HTML, CSS, and JavaScript for dynamic data management and real-time operation. - Built a responsive E-Commerce Website using React.js with product listing, interactive UI components, and improved user experience through clean and structured front-end code.	
Data Analyst & AI Intern NOVITECH, Coimbatore, India	February 2025 – April 2025
- Built a Business Intelligence (BI) dashboard using pivot tables to analyze and visualize datasets for actionable insights. - Developed an AI face detection model using basic machine learning techniques and computer vision tools.	

PROJECTS

E-Commerce Website React.js, Node.js, MongoDB
Developed a web-based e-commerce system with product listing, shopping cart functionality, and a backend database using MongoDB.
CRUD Application HTML, CSS, JavaScript
Built a dynamic data manipulation web application demonstrating real-time CRUD operations in the browser.
Python GUI Calculator Python, Tkinter
Designed an interactive desktop calculator GUI performing all standard arithmetic operations.
Pizza Order Chatbot Dialogflow, JavaScript
Built an automated pizza ordering chatbot with intent handling, response generation, and conversational flow management.

EDUCATION

B.E. in Computer Science Engineering	Expected: 2027
Anna University College of Engineering, Chennai, India CGPA: 8.4 (up to 5th Semester)	
Higher Secondary Certificate (HSLC)	March 2023
Khadir Mohideen Girl's Higher Secondary School, Adirampattinam, Thanjavur, India 80.5%	
Secondary School Leaving Certificate (SSLC)	March 2021
Khadir Mohideen Girl's Higher Secondary School, Adirampattinam, Thanjavur, India 100%	

CERTIFICATIONS

- Data Analyst & AI – NOVITECH (February 2025 – April 2025)
- Web Development – CORIZO (July 2025 – August 2025)
- Cloud Computing – Eagle HI Tech (July 2025, 15 Days)

CO-CURRICULAR ACTIVITIES

- Attended IEEE Technical Meeting and received a participation certificate.
- Secured 3rd place in Code Debugging, Paper Presentation, and Model Making Contest at Kings College of Engineering, Thanjavur.

LANGUAGES KNOWN

- English
- Tamil
